The Cowboy Creed

By Don Bishop
Life is like a rodeo,
You don't know what's in store.
God is up there keepin' time,
And he's always keeping' score.
When ropin' slack or riden' hurt,
Always do your best.
For partner that's the Cowboy Way,
Live the Code of the West.

of the horse for the purpose they are advertised for. What is a defect to one person may not be a defect to another.

The **Buyer** has a responsibility to examine a horse carefully before they bid on it. If you have any particular concerns about conformation faults or defects, size, attitude, stall manners, riding ability or anything else, check it out BEFORE you bid. If you buy a horse on impulse, without shopping it before you bid, you may expect to find some surprises. In that case you still own the horse. The seller is not responsible for you, if you don't shop the horse. Once you bid on a horse, you are indicating you have shopped enough to satisfy yourself and no one else is responsible.

Some suggestions:

Make a list, written or mental of the things that are important to you on a horse. Think about the good characteristics you want and also think about the vices, habits or characteristics you do not want in a horse. Go through this checklist for each horse you shop. Ask questions and make sure you get the answers. Do this BEFORE you bid, because after you buy a horse you cannot change your mind if you don't like the horse.

If you want a horse for children or beginners, make sure the owner's statement in the catalog mentions the horse has experience with this type of rider. If you are looking for a riding horse make sure it says the horse is broke to ride, see it ride or better yet, ride it.

Also, listen for announcements such as selling "broodmare sound only" or "As Is" which means the horse may not be sound to ride.

Your protection is Your responsibility. Please examine Horses carefully before you bid and listen carefully to announcements made while the horse is in the Sale Ring.

IT IS THE AUCTIONEER'S JOB TO HELP DETERMINE THE PRICE. IT IS YOUR JOB TO DECIDE WHICH HORSE TO BID ON.

BUYER'S RESPONSIBILITY
SOME HELPFUL HINTS

The **Seller** has a responsibility to announce defects, that they know of, in their horses, particularly those that may affect the soundness
